RICHMOND

Young Soldier

Returns From the Philippines to Claim a Madison County Bride. Now Rich.

Twelve years ago J. W. Carr, a young man of Panola, this county, joined the army of Uncle Sam and went to the Philippines to aid in revolutionizing the new possessions of this country. After serving several years and making an enviable record as a soldier, he was honorably discharged and packed what little belongings he had to return to America and to the old Kentucky home.

A fair Kentucky girl was also awaiting him on this side of the waters. The love that was kindled before he left for the far east, was still ablaze, in fact it had been his guiding star through all the rough service he had endured while fighting for Uncle Sam in the islands. When taps sounded in the evening with its doleful music, his heart would yearn for his native land and the spot in Kentucky he held most dear. A few days before he was to return it suddenly dawned on him that great possibilities were in store for him in the islands, and a part of the rich mineral lands, then practically unexplored, might just as well belong to him as any one else. He determined to try out, and receiving the assurances from the fair one at home that she would wait with much anxiety his return for her, whether rich or poor, he began what has proven to be a most successful venture.

In company with several others, he invested in mineral lands, which now demand over a million dollars, this price having been recently refused. Mr. Carr owns one eighth interest.

Wednesday morning at the Glynndon hotel, Dr. Marshall, of the Baptist church officiating, Mr. Carr and his sweetheart of childhood days, were united in marriage. After a honeymoon of several days spent with relatives in this state and Tennessee, the bride and groom will leave for the island to reside.

At present, Mr. Carr is United States Marshal having been offered this position shortly after being discharged, on account of his record made in the ranks. They will reside at Manila. The bride is a daughter of D. P. Sharp, the well known merchant at Panola, and is quite handsome.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

Close Call.

The quick work of Chief Daugherty and his fire fighting ladders prevented a serious fire at the county jail last Wednesday. Andrew Baxter, colored, who has been confined for the past month because the lunatic asylum at Lexington was too crowded to admit him, threw a fit, and declared he wanted to burn up the whole town. He got hold of some matches and set fire to his own and several other beds, and for a while the flames looked as if they would do big damage. The prisoners were corralled by Jailor Jones and several deputies until the flames were extinguished and there were no escapes. The loss will amount to but little.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Sold by Stockton and Son.

Watch It.

Cholera has Crept into the Hog Pens of Madison County Heavily.

That dreaded disease among hog raisers—cholera, has crept into the pens of nearly all the farmers of Madison county this winter, and in many cases owners were forced to ship their stock at once to prevent the entire loss.

Madison is one of the biggest hog raisers of all the counties in the state, and for the past three or four years, the county has been practically free from this dread disease. According to the expert hog men of this county, it is brought here from the mountain counties by hogs that have been allowed to feed on acorns, and this they claim will produce cholera quicker than anything else, when the animals are brought to the Bluegrass and fed on corn.

Mr. Joe Biles, who is constantly studying the needs of the stockmen and farmers in his state as well as his native county, is enthusiastic over the discovery of the new serum, by which a drove of hogs can be made immune by the timely use of it. He investigated this new discovery at Lexington several days ago, when experts were making demonstrations with it. A hog can now be vaccinated against cholera just like human against small pox, and in a few years hog cholera will be practically stamped out of the country, and kept out by the use of this new discovery.

The only thing now is to get this virus within the reach of the poor man's purse. Every grower in the county should investigate this great preventative at once.

The hog industry will bring thousands of dollars to Madison county growers within the next few years if the proper precaution is taken now. Information on this subject can be obtained by writing the Kentucky Experiment Station, Lexington.

At the Madison County Stock Yards last week 130 stock hogs shipped from Beattyville brought 8 cts. They were sold in bunches from twenty up.

To Danville.

Mr. O. H. Hendren, of Kirksville, has purchased a gent's furnishing business in Danville with his brother-in-law, Mr. Parks of that city, and will take charge at once. They bought out Sallee & Crow. Mr. Hendren has been in St. Louis for sometime where he has connected with the Wm. Barr establishment and is a hustling young man.

The City Council and City Streets.

The Mayor and present city council have shown much interest and good judgment in the attention given the streets and side walks of the city since they began to direct the city's affairs, but there is one important thoroughfare which has been overlooked and sadly neglected. It is the South end of Second street from Main to the Campus. This is one of the most used streets in the city and yet practically impassible during much of the year. With about 500 students in the Normal School and many of them ladies and boarding in the city or rooming in the city and taking their meals at Sullivan Hall, as the dormitory can not accommodate but a small part of the present student body, it is necessary that they tramp through the mud from the corner of the campus to Water street twice or more times per day through rain or shine. This is totally unreasonable to expect, when we remember the value of the school and the student body to the material and educational interest of the city. Also all of the persons living on the Summit are constrained to go a long way around or to meet with a similar experience until they reach Water street. It seems only just that the 1000 or 1200 persons using this street constantly should be provided with a side walk. Certainly no important section of the city is so overlooked and if the Mayor or Councilmen will only try to get up this street just once after a rain or thaw and see what is endured the year round by the persons above mentioned, it will clear their mind of any doubt as to the imperative need and justice of taking immediate steps toward putting down this walk. By all means, let the Mayor and Council investigate this matter and render justice to whom justice is due by putting a substantial pavement on this important street at once.

Campus Citizens.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. At his home on Woodland Ave., this afternoon, Dr. C. C. Culton, who shall unite in marriage Mr. Ollie Barnes and Miss Mabel Golden. The groom is a prosperous young farmer residing near Richmond, while the bride is a daughter of B. F. Golden.

Mr. Taylor White and Miss Daisy Adams were married at high noon yesterday at the home of the bride on Lancaster Ave., Rev. Barnes of the Christian church officiating. The bride is a daughter of Mr. and Mrs. W. P. Adams and is a young woman of many fine traits of character. Mr. White is a valued employee of the hardware firm of D. B. Shackelford & Co., and is a hustling young business man. He will spend their honeymoon in Louisville.

Mr. D. H. Brock's tea on Saturday afternoon, given in honor of Mrs. W. G. Smith of Alaska, and Mrs. Paul Collins of Bellingham, Wash., was one of the most enjoyable society events of the winter. The house was prettily decorated and the dining table, presided over by Mrs. Neale Bennett and Miss Marie Harber, with its exquisite cut glass, flowers, candelabras, cut glass, bon bons, etc., made a lovely picture.

Mrs. D. B. Shackelford entertained very delightfully with a luncheon-bridge Thursday noon in honor of Mrs. Paul Collins of Bellingham, Washington, and Mrs. Kait Speed of New York. The house was decorated in ferns and carnations and the hostess and guests of honor received in the drawing room. About twenty friends enjoyed Mrs. Shackelford's charming hospitality.

Mr. George Hume entertained a number of his friends last Tuesday evening at his country home at a birthday dinner. A sumptuous spread was laid before the guests and those who responded were: James Wagers, Irvin Cobb, Tom Moberly, "Uncle Mike" Miller, Jack Greenleaf, James Tribble, Phil Wilgert, Tony Burman, Charles Cullen, M. C. Kellogg and Ben Daugherty.

The many friends of Mr. Roscoe Reeves will be pleased to learn of his marriage to Miss Lucy Henry, which was solemnized several days ago at the home of the officiating minister Mr. C. F. Evans in Lexington. Mr. Reeves is one of the youngest railroad engineers in the country and is a Richmond boy who has made good with the great L. & N. railway system. He has been making Versailles headquarters for some time and with his new bride will go to housekeeping in that city until the new road is completed between Versailles and Frankfort, when they will likely move to Richmond. Mrs. Reeves is a daughter of Mr. and Mrs. Thomas Henry of Versailles.

Lancaster Record—Miss Mary Elmore of the Richmond Normal school, is at home for a visit with her parents, Mr. and Mrs. J. W. Elmore. Miss Josephine Chenault, of Richmond, is here visiting her cousin, Miss Mary and Lydia Elmore. Miss Van Greenleaf, of Richmond, came Wednesday for a visit to her cousin, Miss Frankie Kaufman. Miss Della Tindler, of the Richmond Normal school was with her parents, Elder and Mrs. F. M. Tindler Saturday and Sunday.

The meeting of the "Mary Patten Oldham" Club with Miss Cary Rice on Friday last was a most enjoyable one. Italian Opera was the interesting subject discussed and Rosini was the special attraction. The following program was given after which delightful refreshments were served: Roll Call...Names of Celebrated Opera Singers

Paper...Italian Opera Miss Hattie Turley Song...How Can I Leave Thee Paper...Rossini Norma Guicciardini Piano Solo—Waltz—Impromptu Miss Fannie Wilgert Duet—William Tell

Mr. Robert Boggess, Miss Milton M. A. White was given a talk by Rosini as a man and composer, but was unavailably absent. Quite a pleasant shock was given to the friends of Mr. Nicholas Harber yesterday, when it was learned that he was married to Miss Betty Patton at Hamilton, Ohio, on Dec. 5th. The young couple decided to keep it a secret until the first of February and they were indeed successful. The wedding will take place this evening from Morehead, home of the bride, and will be at home on Broadway at the Harber residence. The bride is a daughter of Prof. Patton of the Morehead City Schools, and is a charming young woman. She attended school here last year where the courtship, which terminated so romantically, was first begun. Mr. Harber is one of Richmond's rising young business men and has a wide circle of friends who wish him unbounded happiness in this venture.

Lexington Leader—Mrs. Keats Speed, of New York, was guest of honor yesterday at a party given by her sister, Mrs. Harrison Simlar, at her home on East Fourth street. It was a delightful gathering of sixteen friends and the afternoon was a very charming one. The lovely home was decorated with palms and ferns and pink and white flowers and after the game of bridge a delicious lunch of substantial and tasty was served, and the prize was a stylish gilt basket. The hours were very informal and those who enjoyed the hospitality were: Mrs. Emily Barnes, Mrs. Clara Kerr, Mrs. Thomas Owens, Mrs. John Scott, Mrs. James Combs, Mrs. Newton Combs, Mrs. Buford Graves, Mrs. Thomas Bradley, Mrs. Emily Allen, Miss Jay Dinsperfield, Mrs. John Simlar, Mrs. Julian McClemonds, Mrs. Frank Bullock, Mrs. George Shanklin, Mrs. C. D. Chenault, Miss Sarah Chenault and Miss Allie Loughridge.

Judge James Denton was the guest of honor at a banquet given in Frankfort last Thursday evening by members of the bar and other notable citizens of the commonwealth. The Frankfort News says in part: Judge Denton was particularly happy, in his excellent address on "The Circuit Judge In and Out of This Circuit." It was heartily applauded almost to the end. Judge Denton's modesty received many shocks, as for instance when Col. Scott declared him to be the greatest Circuit Judge he had ever known, and nominated him for the Court of Appeals and then to governor. Judge O'Rear, from his long experience on the appellate bench, made him a competent witness and said that he was in the foremost of the best circuit judges in the state at this time when the circuit judges were never absent. The banquet closed shortly after midnight, and was pronounced one of the most enjoyable ever held at the capitol, but, as stated by Judge Barker, it was the first time one had ever been tendered in the capitol.

The Spillien Club met with Mrs. M. G. Kellogg Wednesday afternoon and the meeting was a most enjoyable one. The probability of having two well known artists to give a concert soon in Richmond under the auspices of the club created much interest and enthusiasm. The following program was given: Roll Call...Some late Musical Entertainment—Pensio Melodique...Dern Piano—Middletown

Piano—Spring Song...Gracie Marie Louise Kellogg Piano—Melody in F...Rubenstein Miss Julia White Current Events

Indian Love Songs Mrs. Elmer Tate Piano—Spirits of the Glen...Dennie Mrs. Kellogg Piano—Sextette—From Lucia Donizette Mrs. J. R. Johnson Piano—Value Favorites...Raff Miss Mary D. Pickels The next meeting, Feb. 8, will be with Mrs. Johnson

Notice Mrs. A. C. Scanlan will not be responsible for any accounts made without her written permission.

More Reasons. Is it the proper thing to do, to cut out the 1911 crop of tobacco, that is the question that is absorbing the minds of the growers in Madison as well as all over the Burley district. Mr. Green Clay, who is perhaps as well posted as any grower in the state, and who has written on this subject for the Climax, adds the following to his former conclusions:

"When the land owners of the Burley district of Kentucky decline to allow former tenants to grow a crop of tobacco in 1911 they will allow them to plow up their blue grass pastures for a bumper corn crop instead."

Will the land owner support his former tenant in idleness until the 1912 tobacco crop or must he live on hope for twelve months? In case the tobacco grower by trade goes elsewhere for work this year will he return in 1912 or be replaced by others? If no crop of tobacco this year means better prices next year why not "cut out" grass seed or corn or hogs for one year for the same purpose? What are you going to do with your new barns and implements?

New Department. At the Caldwell High School manual training department has been installed with J. H. Kunkle as instructor in charge. Mr. Kunkle is also trustee of the school. The pupils of this department defray all expenses, even the salary of the instructor. The Board may be called on in the future to lend a helping hand with a small donation if needed, but the pupils are determined to get along without it if possible.

License. Marriage license came few and far between this week, only three couples making the request. They were J. W. Carr and Miss Nellie Sharp, both of Phenola; Andy Robinson and Miss Jessy Smith, of Berea, and Grover White and Miss Dora Coates, of Newby. The last named bride is but fourteen and very pretty. Squire Dykes was sent for and in the presence of a number of witnesses tied the knot was tied. The groom is 19.

School News. Items of Interest from Supt. Noland's Office and the County in General. Friday and Saturday were busy days with Supt. Noland holding the regular annual examinations for diplomas to enter the county high schools. There were eight white applicants and the same number of colored. Applicants were those who had finished the common school course. The results will be given out today by County examiners, Miss Lelia Harris and Dr. J. B. Millon.

Press. With this issue of the Climax, the old Cincinnati press, which has seen some thirty years or more service in this office, retires with a record held by few cylinder presses in this country. It is still doing excellent work, but the demand for more modern equipment has forced these old timers out of existence. The new Miehle, two revolution, capable of turning out 3,000 papers per hour, which was purchased last week, is being installed and the next issue of the Climax will come from this, one of the latest models in scientific printing machinery. With this improvement, together with other modern machinery recently installed, this office, will be one of the best equipped in the country and capable of handling anything that is to be printed.

One Big Fool But He Doesn't Live in Richmond Nor Read the Climax.

A man in Connecticut gave a doctor, a specialist in catarrh, \$50. to cure him of this common yet most obnoxious disease. The specialist gave him a bottle of medicine and told him to use it. The fool took the medicine home, took one dose, put it on a shelf and made no further effort to follow instructions.

Three months later with the medicine still on the shelf he told a friend that the specialist was a fake; that he had paid him \$50 and still had catarrh. Hyomei won't cure catarrh if you don't breathe it; it will if you breathe it regularly.

Furthermore, you don't need to give a catarrh specialist \$50 to cure you of catarrh, for the specialist is yet to be born who can write a better prescription than HYOMEI.

R. L. Middletown and druggists everywhere guarantee Hyomei to cure catarrh or money back. A complete outfit which consists of a bottle of Hyomei, a hard rubber inhaler and simple instructions for use costs only \$1.00. Separate bottles of Hyomei if afterwards needed costs but 50c.

Known Here.

Prof. Ed. Fox who committed suicide at his home in Clark county last Tuesday was well known here, but was not mentioned in any of the Madison county papers by that name. He was an uncle of John Fox, Jr., the noted author.

Notice

I will stand my Silver Creek Red Bear pig at my home on Big Hill Avenue at \$100. Money due when service is rendered. I have for sale some nice shoats large enough for service.

New Agent.

Mr. Willis Moore, of the Climax Press is the new agent here for the Louisville Times. On account of his long ability he was selected from a host of applicants by that paper to look after its interests here. Call him at 100.

A Sick Man.

"Uncle" Harry Schroeder, the genial old man and renowned baker, is a sick man and on account of being unable to work he has asked the County Judge for a permit to go to the County Infirmary for a few months. This will be regretted by his many friends with regret but they hope for his speedy recovery.

New Business.

J. B. Walker, who recently retired from the Ladies Furnishings business, has taken a position with the Richmond Tobacco Warehouse and his presence will be much appreciated by the people of this county. He is an expert on the west and enjoys a wide acquaintance in the southern section of the county.

Will He?

Will the ground hog see his shadow tomorrow? That is the question that is troubling the minds of the people all over the country. According to the weather prophets, the 2nd is to be a cold and squally day, and if this is the case the backbone of winter is broken and the hibernating animals will be out of their holes. It is a question that is being asked by many people, and they are all waiting to see what the ground hog will do.

He Gets 'Em.

Lindsay Blanton, the coal dealer, should be recognized by the Carnegie Library Commission. Although he has never saved a human life, he has prevented several runaway cases of late. This month he has stopped three from serious injury, if not death, to themselves as well as other property. He seems to be always near when a frightened horse starts to make a dash. Several days ago he stopped a team of great risk to himself and Wednesday he stopped a horse that was running frantically through the crowded streets.

Estill Timber.

The Frankfort News says: A fleet of eighteen rafts of fine white oak timber arrived from Millers Creek, Estill county, yesterday for the Evansville Lumber Company, under convey of the gasoline tug Basil. The Evansville mill, which shut down in November, will open up for the season on Wednesday, and this is an important event for the timber industry of the county.

Bids For Pike Work.

Notice is hereby given that W. R. Shackelford, County Judge, as directed by the Fiscal Court, will receive at his office up to and including February 6th, at 5 p. m., sealed written proposals or rapped stone, slate and gravel of approved quality and size to be spread upon the various sections of turnpikes in Madison county, with sufficient dirt to hold same in place, for the year 1911 bids to be made by the road spread on pike at times and places to be designated by Road Supervisor. Amount not to exceed appropriation hereafter to be made. Also ditching by the road.

Give Space Here.

The local bill boards in Richmond, which are owned and operated by Manager Baxter, of the Grand Opera House, will shortly be covered with an immense display of attractive reading and illustrations in the interest of the fight against tuberculosis in this county. By an order from the National Organization, of which Manager Baxter is a member, all boards in the country will use this series of bills. It was donated by the National organization and will doubtless prove a great help in combating this dreadful disease that has so much to do with the human race.

Beloved Priest.

Covington papers contain many notices of the celebration of his Silver Jubilee by Father Ryan, pastor of St. Anne church, West Covington, and who was formerly pastor of St. Mark's Catholic church here. The priest will be remembered here by many outside of his congregation as a gentleman of the highest rank. The Silver Jubilee in the Catholic church is celebrated on the twenty-fifth anniversary of ordination to the priesthood. The ceremonies took place on the 24th of last month. Father Ryan was also pastor at Winchester for many years. He graduated from St. Mary's Seminary, Baltimore, in 1884, and was ordained priest on June 24th, 1889.

Elks Busy.

Next Friday evening will be a gala one for the Richmond Elks for a contest about a dozen young candidates who have never been thru the mysteries of a secret order, will be shown thru the degree of Elksdom. The evening will close with a big banquet in honor of the new members. Several out-of-town Elks are expected and the newly organized Elks are preparing for a rich musical program. Exalted Ruler, R. B. Terrell and Secretary Paris, are hoping to make this one of the biggest nights in the history of the local lodge.

All Held.

In the County Court last Tuesday afternoon, Tice Shelton, charged with the murder of Mrs. Wm. Pigg was held to the grand jury without bail and his wife Rebecca Shelton was released on the same charge. Mount Pigg, Brack Murrell and Dave Bolin were also released on their own recognizance on the charge of malicious shooting and wounding Wm. Pigg and George Murrell were held under bond of \$300, which was given. The case occupied almost the entire day and many witnesses on both sides were examined.

The local bill boards in Richmond, which are owned and operated by Manager Baxter, of the Grand Opera House, will shortly be covered with an immense display of attractive reading and illustrations in the interest of the fight against tuberculosis in this county. By an order from the National Organization, of which Manager Baxter is a member, all boards in the country will use this series of bills. It was donated by the National organization and will doubtless prove a great help in combating this dreadful disease that has so much to do with the human race.

Beloved Priest.

Covington papers contain many notices of the celebration of his Silver Jubilee by Father Ryan, pastor of St. Anne church, West Covington, and who was formerly pastor of St. Mark's Catholic church here. The priest will be remembered here by many outside of his congregation as a gentleman of the highest rank. The Silver Jubilee in the Catholic church is celebrated on the twenty-fifth anniversary of ordination to the priesthood. The ceremonies took place on the 24th of last month. Father Ryan was also pastor at Winchester for many years. He graduated from St. Mary's Seminary, Baltimore, in 1884, and was ordained priest on June 24th, 1889.

Purchases Crab Orchard Springs Together with Mr. Robinson of Harrodsburg.

Crab Orchard Springs has been sold to Col. Joe B. Willis, who has managed it for many years, and John Robinson, a capitalist, of Mercer county.

A Real Fan

Writes Some Interesting Base Ball News for the People of Richmond.

"Do we want base ball this summer? This question must be answered one way or the other within the next two weeks. Last year was a disastrous one financially and the Association quit the season owing a good-sized sum of money. A large part of this is due the Richmond National Bank, and this institution has recently filed suit for its debt. This means that unless immediate action is taken to make satisfactory disposition of this debt the splendid park owned by the Association will be sold and cut up into lots.

Squire Did It.

Squire Dykes tied the nuptial knot in the county clerk's office last Saturday between Andy Robinson and Flossie Smith. The young couple had from the Berea neighborhood.

Model Wins.

The basket ball team of the Model school defeated the Caldwell High school team last Thursday by the score of 15 to 13. The teams are about evenly matched and there is much rivalry.

A Good One.

Manager Baxter has just closed a deal for "The Thief" to be presented at the Richmond opera house or next Monday evening the 10th. This is a powerful play and one which made the theatre going public of Chicago and New York demand its presence for a season at each place.

New Store.

Thomas Ledford has opened up a 5, 10 and 25 cent store in the building on Main street formerly occupied by Cut Rate Grocery No. 1 and will have a large stock of this class of merchandise. Mr. Ledford is well known here and he will doubtless command a good share of the public patronage.

Trying Job.

Auctioneering at the big Richmond loose leaf tobacco warehouses is about the toughest job yet, but Long Tom Cleaveland and Jesse Cobb are developing into wonders. Even Mr. B. B. Million is getting into the turn. Recently when his regular auctioneer was ill, he took hold of the situation and the buyers claim he performed wonderfully.

Notice

Notice is hereby given that the county board of Election Commissioners will meet at the county clerk's office on Thursday February 2nd, at 10 a. m., to select the officers for the registration and election to be held Feb. 17th, and March 3rd, respectively as the Local option questions. All persons interested are notified to submit in writing lists of qualified persons to be appointed such officers.

All Invited.

One of the biggest mass meetings the growers of this county ever held will probably take place at the court house next Saturday. It is in the interest of the cut out plan, but an invitation is extended to every grower in the county, pooler, non-pooler, cut out or non-cut out. Everyone is expected and urged to be present. It is the most important subject that has been before the farmers in years. It is hoped that Mr. Ward Hendley, of Princeton, will be here to make an address. All pledge books now in the hands of growers are expected to be turned in at this meeting.

Road Completed.

English & Co., lumber dealers, have just completed the building of a narrow gauge railroad, which runs from their lumber camp in Owsley county a distance of ten miles, connecting with the main road at the Big May Coal mines in Lee county. Mr. Bert English, of Woodland Ave., this city is Manager of the concern. The company has enough timber to require five years in which to get the product to the markets and is one of the most valuable in the Kentucky mountains. The new road cost \$80,000 to complete. The largest portion of the timber will be used in making staves for whiskey barrels.

Of Interest Here.

The decision of Judge Benton in the Franklin county case where he holds that the purchasing of the F. & C. railroad by the L. & N. is not in restraint of trade, will be read with interest here and disappointment. The conditions at Frankfort and Paris, is the same in Richmond. Competition is the life of trade and a town without two or more competing railroads is seriously handicapped. Of course the L. & A. is a small road, but it was a competitor never-theless. The slow progressive movements of the Southern and C. N. O. & T. P., are mainly responsible. If either of these had acquired the L. & A. and F. & C. Richmond, Paris and Frankfort would be benefited wonderfully.

Elks Busy.

Next Friday evening will be a gala one for the Richmond Elks for a contest about a dozen young candidates who have never been thru the mysteries of a secret order, will be shown thru the degree of Elksdom. The evening will close with a big banquet in honor of the new members. Several out-of-town Elks are expected and the newly organized Elks are preparing for a rich musical program. Exalted Ruler, R. B. Terrell and Secretary Paris, are hoping to make this one of the biggest nights in the history of the local lodge.

All Held.

In the County Court last Tuesday afternoon, Tice Shelton, charged with the murder of Mrs. Wm. Pigg was held to the grand jury without bail and his wife Rebecca Shelton was released on the same charge. Mount Pigg, Brack Murrell and Dave Bolin were also released on their own recognizance on the charge of malicious shooting and wounding Wm. Pigg and George Murrell were held under bond of \$300, which was given. The case occupied almost the entire day and many witnesses on both sides were examined.

Capt. Brittain

And His Boat Are Safe And His Friends and Relatives Here are Greatly Relieved.

The gunboat Wheeling, in command of Capt. R. L. Brittain, has arrived safely at her destination in Cuba, and the false rumors sent out that she was blown up at sea, cannot be accounted for by the war department.

On account of his wife and son being here at the home of her parents, Mr. and Mrs. Thomas H. Brittain, all the more was felt in Richmond for the safety of his commander. Mr. Brittain, who has been quite sick, is recovering rapidly, and hopes to join his husband as soon as possible. She was Miss Maymie Baldwin before her marriage to Capt. Brittain.

The war department all along gave little stress to the rumors. The Annapolis Capital, published in the city where the gunboat academy is located, has the following in connection with a news item concerning the rumor of the vessel's being blown up: "The Captain of the Wheeling is Carl B. Brittain, who was in command of the battleship Massachusetts, of the summer squadron of the naval academy last year. Capt. Brittain was the first officer to bring a battleship into this harbor and turn her around, as he did the Massachusetts last June, a nautical feat that has been declared to be impossible in these waters." Mr. Baldwin telegraphed the war department to notify Capt. Brittain's family here of any developments. The gunboat landed safely at 11 o'clock Saturday morning and a telegram was received here from the department at three, thus showing how promptly Uncle Sam looks after matters of this sort. A dispatch from the message from Washington, came a telegram from Capt. Brittain to his wife that he was safe and sound.

High Honor

To Judge James Benton, By the Press and Bar of Frankfort.

Madison county shares in the high honor that has just been paid Judge J. M. Benton by the Press and bar of Frankfort, for he is a product of this county, and one of whom she is justly proud. Gov. Wilson, realizing the importance of the special session of the Franklin circuit court which was to be held the last two weeks in January, sent his eye around for circuit Judge who could interpret the law, and he very wisely selected Judge Benton.

The Franklin Journal says: "Judge Benton, of Winchester, who presided as special judge at the January term of the Franklin Circuit Court, which closed yesterday, made a most remarkable record. The amount of business that he disposed of in less than four weeks was enormous and surprising; and the overloaded docket was greatly relieved. He is a conscientious man and an indefatigable worker. He is one of the best lawyers and judges in the state. His mind is always clear and absolutely impartial. He is quick without being hasty, resolute without the slightest touch of severity, and unfailingly impetuous and courteous.

During his stay here he won the admiration, even the affection, of all who came in contact with him, and all the members of the bar, the court officials, jurors and litigants universally praise him. The banquet tendered him by the bar Thursday night was a splendid testimonial of the esteem in which he is held by those who know him here. He is without, one of the most able, best equipped, and brightest of all the men who adorn the bench."

Supervisors

Complete their Tedious Task. Will Have one Day's Session on the 11th.

The Board of County Supervisors adjourned on Friday after their arduous duties of examining several hundred property owners and going over each name on lists of Madison county taxpayers. Many increases were made and several lists were cut down and the final recapitulation will not be known until the 11th, when the Board will have a one day meeting to ratify its work. Mr. Wm. Hurling, a member of the Board and Deputy Assessor June Baxter are now going over the lists for the purpose of making the recapitulation. A very noticeable raise by the Board was in the assessment of the East Tennessee Telephone Co's property in this county. This corporation listed its property in Madison county at about \$11,000, but the supervisors just about doubled the amount. The company was notified to appear before the Board, but they failed to do so.

It is the estimation now that the increase in the total amount of taxable property will not be near as much as was expected.

First Money for Pool.

About \$800,000 from the proceeds of
sales of the 1909 pooled tobacco was
distributed among the growers in the
different counties by the Burley Tobacco
Society last Saturday.

This payment is estimated by the so-
ciety officials to be about 30 percent of
the amount tied up in the pool, and was
the first money which has ever been re-
ceived by the poolers from the crops
which the consigned to the society in
1909.

Nearly the entire sum of about \$800-
000 was paid to Kentucky growers, and
although it will be but a small part of
the enormous amount so long tied up in
the pool, it is in the aggregate a consid-
erable sum, and is believed will give
some relief to the financial situation in
many localities, and that the \$800,000 in
cash will have perceptible influence on
the business of the state. This \$800,000
by no means represents the entire pro-
ceeds of the sales from the 1909 pool, up
to date, and while the Burley Tobacco
Society declines to state just how much of
the pooled tobacco has been sold, or when
another division of proceeds will be
made, it is understood that a second
distribution will be ordered before long.

Winchester

Is Still to Have Just One "Wet"
Precinct, Says Court of
Appeals.

Concerning the local option situation
in Winchester, which is probably the
most unique in the country, the Demo-
crats say:

Winchester presents the rather unique
spectacle of liquor being legally sold in
a small portion of its territory, while it
is absolutely prohibited in the rest.

Several years ago the local option law
allowed a vote on the liquor question by
precincts. There are five voting pre-
cincts in the city limits and several of
them would vote dry if the question
should be presented of having saloons in
them, while one or more favor it. For
thousands of years ago secured a vote on
the question in North Winchester and court
house precincts. The vote won in the
first precinct but lost out in the latter,
and since that time saloon license has
been granted and liquor legally sold in
North Winchester precinct or "Geor-
getown" as it is called.

In 1909 an effort was made to vote
whisky out of the city entirely, but con-
trary to the expectations of the temper-
ance people the city went "wet" by a
decided majority.

Some time after, Messrs. Brown and
Proctor, the owners of the Brown Pro-
ctor Hotel, asked for license for a sal-
oon in that building, on the ground that
as the city as a whole had voted for sal-
oons it was legal to establish saloons
anywhere in the city. The license was
refused and the matter was carried to
the Circuit Court and from there to the
Court of Appeals. The higher court on
Friday affirmed the action of the lower
court.

The Court of Appeals holds that the
local option election of 1909, when the
whole city went "wet" did not affect the
precincts that went "dry" in the 1899
election when each precinct voted sep-
arately and that these "dry" precincts
must vote separately on the liquor ques-
tion before the result of 1899 can be
changed.

Do not neglect indigestion which leads
to all sorts of ills and complications.
An eminent doctor once said that ninety-
five per cent of all the ills of the human
body have their origin in a disordered
stomach.

A physician who made a specialty of
stomach troubles, particularly dyspep-
sia, after years of study perfected the
formula from which Rexall Dyspepsia
Tablets are made.

Our experience with Rexall Dyspepsia
Tablets leads us to believe them to be
the greatest remedy known for the re-
lief of acute indigestion and chronic
dyspepsia. Their ingredients are sooth-
ing and healing to the inflamed mem-
branes of the stomach. They are rich
in pepsin, one of the greatest digestive
aids known to medicine. The relief
they afford is almost immediate. Their
use with persistency and regularity for
a short time brings about a cessation of
the pain caused by stomach disorders.
Rexall Dyspepsia Tablets will insure
healthy appetite, aid digestion and pro-
mote nutrition. As evidence of our
sincere faith in Rexall Dyspepsia Tab-
lets, we ask you to try them at our risk.
If they do not give you entire satisfac-
tion, we will return you the money you
paid for them, without question or
formality. They come in three sizes,
prices 25 cents, 50 cents and \$1.00.
Remember you can obtain them only at

How to Tell if Your Hair is
Diseased.

Even if you have a luxuriant head of
hair you may want to know whether it
is in a healthy condition or not. 98 per
cent of the people need a hair tonic.

Pull a hair out of your head; if the
bulb at the end of the root is white and
shrunk, it proves that the hair is dis-
eased, and requires prompt attention if
its loss would be avoided. If the bulb
is pink and full, the hair is healthy.

We want everyone whose hair re-
quires treatment to try Rexall "Q3"
Hair Tonic. We promise that it shall
not cost anything if it does not give sat-
isfactory results. It is designed to over-
come dandruff, relieve scalp irritation,
to stimulate the hair roots, tighten the
hair already in the head, grow hair and
cure baldness.

It is because of what Rexall "Q3"
Hair Tonic has done and our sincere

Its poor policy to wait until you have
a rural delivery can't afford to be with-
out a daily paper. Come in and renew
for the Climax, or give us your subscrip-
tion, if you have never taken the right
step in the county paper line, and we
will give you a big reduction on any
daily paper desired. February is the only
real cut rate daily paper month.

For Baby's Ills

Something can and must be done
for the puny, crying baby, for the
child that refuses to eat and is rest-
less in its sleep. And since the basis
of all health is the proper working
of the digestive organs, look first to
the condition of the stomach and
bowels.

A child should have two full and free
movements of the bowels a day. This
emptying of the bowels is very important,
as with it comes a clear head, a light-
ness of sleep, good appetite and sound
energy. It is especially important in
knowing what to give the child in the
emergency of colic, indigestion and in-
dignation. Calumina are too strong and sal-
tine purgatives are not only too
caustic, but the child refuses them be-
cause of their bad taste. Have you ever
used Rexall's Syrup Pepsin? It is a
liquid tonic that families have been
using for a century of years. It is
mild, pleasant-tasting and promptly ef-
fective. It is sold in every well
stocked drug store. It is the only
child, but there is nothing better to
be found for children. They like its taste
and will not have to force them to
take it.

First of all, if you have not yet used
it, Dr. Caldwell would like to send you
a sample bottle free of charge. In this
way you can
